Lenifren® Drops

Lenifren® - Drops: a food supplement based on plant extracts and Melatonin.

- Griffonia helps control mood;
- Passiflora and Eschscholzia contribute to relaxation and sleep;
- Parthenium combats localized stress;
- Melatonin reduces the time required to fall asleep. This beneficial effect can be achieved by taking 1 mg of melatonin just before bedtime.
- Melatonin also helps to alleviate the effects of jet lag. This beneficial effect can be achieved by taking, just before bedtime, a minimum of 0.5 mg on the first day of travel and for some days after arrival at destination.
- Gluten-free.

Pantafarm® Gastro Stick Packs

Pantafarm® Gastro - Stick Pack: a ready-to-use food supplement based on a patented formula containing Sodium Alginate and Hyaluronic Acid.

- These ingredients can be added to the normal eating habits of those who, for various reasons, need to supplement them, with Sodium Alginate creating a gel-like barrier.
- Gluten-free. Naturally lactose-free.

Biodelta® Relax

Biodelta® Relax is a food supplement containing:

- Hawthorne to maintain regular cardiovascular function, blood pressure, to support relaxation and mental well-being, and to counteract oxidative stress;
- Passiflora and Eschscholzia to increase relaxation and restful sleep in case of stress;
- Valerian for the recovery of physical and mental well-being, and to increase the elasticity and strength of blood vessels and the walls of capillaries.
- Gluten-free. Naturally lactose-free.

Biodelta® Fluid

Biodelta® Fluid is a food supplement containing sweeteners, N-acetylcysteine and plant extracts.

- Grindelia adds a balsamic effect, supporting the functionality of the upper respiratory tract, and has an emollient and soothing effect on the oropharyngeal mucosa and the tone of voice.
- Adhatoda Vasica supports the fluidity of bronchial secretions.
- Blackcurrant contributes to the well-being of the nose and throat, as well as the regular functioning of joints.
- Gluten free.
